

BESTPASS

- * Savings
- * Interoperability
- * Service

Sponsored by:

Empire State Petroleum Association, Inc.

Q: What is BESTPASS?

A: BESTPASS is a customer-driven program for tolls and weigh station bypass.

Q: I am familiar with E-ZPass, PrePass & NORPASS – where does BESTPASS fit in?

A: BESTPASS allows you to take advantage of all 3 E-ZPass, Prepass & NORPASS.

Q: What if I am only interested in E-Pass, or E-ZPass & PrePass, or E-ZPass and NORPASS?

A: BESTPASS gives a maximum flexibility and savings.

Q: Savings? I already receive a discount from E-ZPass.

A: If you use the NYS Thruway, PA Turnpike, or Maryland's tolled bridges we can increase the amount you save!

Q: Savings are great, but are there other benefits?

A: Yes! BESTPASS has customized billing formats to make record keeping easier, we provide friendly customer service, and we work for you!

Q: I already have E-ZPass, can't I just sign up for PrePass or NORPASS?

A: BESTPASS utilizes the Fusion transponder for interoperability. If you do not have this type, the E-ZPass transponder will not work for weigh station bypass, and you will miss the extra savings.

Q: Who owns BESTPASS?

A: BESTPASS is owned by Bestpass Electronics Services for Trucking, a subsidiary of the New York State Motor Association.

Q: Does BESTPASS compete with E-ZPass, PrePass and NORPASS?

A: Absolutely not! BESTPASS actually exists to help all of the systems to grow and to provide customer feedback to make them even better.

Q: What role does Empire State Petroleum Association have?

A: ESPA offers BESTPASS to its members, supplies feedback and other assistance, and receives remuneration for its endorsement.

Q: How do I sign up or get more information?

A: Contact Rich Kellie @ 518-458-9696.
